EXPERIENCE

Frontend Developer — Aug 2023 – Present

Pullova Technologies · Nairobi

- Design and build user interfaces for the Pullova Android and iOS applications.
- Redesigned core user flows and reduced onboarding drop-off by 35%.
- Run user research and usability tests, then turn the findings into design changes.
- Work with engineering teams to implement those designs.
- Mentor two development interns in frontend and backend technologies.

Software Engineer Intern — May 2023 – Aug 2023

ICT Authority · Nairobi

- Designed and developed the interface for an internal memo system used across ICTA departments.
- Configured Bitdefender on staff computers for secure remote work, and used the dashboard to track devices, run remote scans, and block malicious file execution.
- Managed ticketing for the nationwide Faiba network: identified downtime, assigned tickets to field technicians, and tracked each case to resolution.
- Optimized the Faiba network layout at Utalii College, reducing cabling by 40% and installation cost by 30%.

IT Specialist — Jan 2020 – Apr 2020

KCADOR Mentorship

- Provided technical support for 50+ computer systems and maintained 95% operational efficiency.
- Designed and taught an HTML/CSS curriculum for 30+ students; 80% completed it, and every participant built a working website.
